

Grand Rounds

WEDNESDAY, MAY 4, 2022

12:00 NOON – 1:00 PM

COM-T ROOM 2117

**“Embedded Emergency Radiology Service –
More than a Decade Later”**

presented by

Ronald M. Bilow, MD, FASER

Associate Professor and Assistant
Chief of Emergency Radiology
Director, Disaster Preparedness, Diagnostic &
Interventional Imaging
Co-Director, Sports, Orthopedics & Emergency Imaging
Fellowship Program
Chair, Student Evaluations and Promotions Committee
Department of Diagnostic and Interventional Imaging
UT Health, McGovern Medical School, Houston, TX

OUTCOME OBJECTIVES:

1. Discuss an alternative method of providing diagnostic emergency radiology services, and it's rationale
2. Illustrate the level of satisfaction throughout the clinical care team in response to embedded radiology services
3. Present the growth of a unique high demand senior medical student elective in diagnostic radiology

ABSTRACT: Real time consultation and interpretation of diagnostic emergency imaging examinations is best provided by embedding a radiologist in the clinical care area. This presentation seeks to illustrate how that can be accomplished through perseverance and support of the effort by the affected clinicians. This talk will also describe how the growth of a unique elective in diagnostic radiology for senior medical students was developed contemporaneously.
