Healthcare Disparities in Radiology

presented by

Dallin Christensen, DO

Diagnostic Radiology Resident
DMI Diversity, Equity and
Inclusion Committee Member
College of Medicine – Tucson

OUTCOME OBJECTIVES:

- 1) To understand the and assess disparities in healthcare involving radiology
- 2) To become familiar with the barriers to radiology
- 3) To discuss resources and solutions for disparities in radiology

ABSTRACT:

It has been documented in literature that people in lower-socioeconomic communities have a difficult time due to access to radiology services. Difficulties with time obtaining imaging procedures have been noted due to factors such as travel, scheduling, and time taken from work.
